

THE SECRET TO HEARING GOD'S HEART FOR YOU

Week Five

1. What are your hopes and expectations for undertaking fasting? Tell GOD and write them down.

2. What would you look like, act like, and feel like if, like Jesus, you entered your time of fasting full of the Holy Spirit but came out in the power of the Spirit? Be specific in describing all three.

3. Ask GOD to show you his heart for those in your sphere of influence. Ask him how he would like you to pray for each one specifically. Again, write it out.

THE SECRET TO HEARING GOD'S HEART FOR YOU

Week Five

4. If you're already in a period of fasting, what word or words has GOD spoken to you? What has he revealed or asked you to repent from, release, or act upon?

5. What has been your biggest struggle in fasting? Capture your initial thoughts and then examine them to see if the root of your thinking is fear, resistance, pride, failure, laziness, lack of faith, or more. Confess any root-cause lies that have set up in your thinking that war against the knowledge of GOD.

6. What hopes, dreams, or visions has GOD given you during this fast or in anticipation of your fast that he is preparing you for so you can properly shoulder his blessings and steward the increased responsibilities that will come as a result?
